

Annual Guide for Tenants 2018

Bentall Kennedy and our tenants are working together to achieve a cleaner, greener and healthier space to live, work and play.

What is ForeverGreen?

At Bentall Kennedy, our foundation is service and we have been working hard to improve the environmental and social performance of the buildings we manage. ForeverGreen is Bentall Kennedy’s award winning sustainability tenant engagement program. Tenant engagement at Bentall Kennedy means:

- ✓ Two-way communication with tenants to inform them about the property and to receive feedback.
- ✓ Providing tenants with the tools and resources to make better operational choices each day.
- ✓ Providing a high level of customer service and a safe, healthy and productive environment.

Bentall Kennedy furthers our ForeverGreen commitment by providing our tenants with resources to support your organization’s Green Team or tenant committee, help you build awareness, and identify priority projects in order to make your space cleaner, greener, healthier and more enjoyable.

Getting involved is easy! The ForeverGreen Tenant Engagement program has been created with flexibility and adaptability in mind.

- Simply review the resources (posters, quarterly newsletters) provided by your property management team, and distribute these amongst your employees.
- Determine which activities make the most sense to take forward within your organization.
