

February 2019

We are working with our tenants to achieve a cleaner, greener and healthier space to live, work and play. ForeverGreen is our sustainability tenant engagement program. We further our ForeverGreen commitment by providing you, our tenants, with monthly tips to support your sustainability efforts.

**A: ON AVERAGE, WE USE 52 GALLONS.
WE ONLY NEED TO USE 12.**

**Q: WHAT IS THE AVERAGE DAILY
WATER CONSUMPTION AT HOME?**

 [watch the video](#)

Curious about your water footprint? Around 95% of water is actually hidden in the products and services we use and the food we consume. Products like coffee, cotton, jeans, paper, and cars, all have considerably high water footprints. Encourage your co-workers to calculate their [water footprint](#) to identify possible ways to save. Follow these [tips](#) for saving water.
